**電動車正在**

*Electric vehicles are*

**迅速增加**

*Rapidly increasing*

**全世界的保修廠**

*Auto repair shop around the world*

**都面臨同樣挑戰**

*Facing the same challenges*

It is a common phenomenon around the world that traditional maintenance shops are facing the impact of the rapid increase in electric vehicles. This study aims to understand how different regions, scales, years of operation and other factors affect the response attitudes to shocks. Doctoral students of Chung Yuan Christian University College of Business, who are studying this research project, thank you for helping me fill in the answers. I will also be happy to share the final research results with you, thank you again!
